College Mission

Lone Star College-Houston North is a unique educational experience dedicated to putting students first and serving the community by advocating for and providing opportunities that enrich lives.

Federal Legislation requires Lone Star College to verify attendance for students who receive financial aid each semester. If you are receiving financial aid, you must participate in an academically related activity in each course by Official Day of Record (ODR) of the enrolled semester.

Student Visa Holders: If you are on a student visa (F-1), you are required to attend every class. If you miss classes without excuse, you will be reported to the International Student Advisors, which may jeopardize your visa status.

Non-Attendance Drop (NA)

If you do not attend class or participate in an academically related activity by the Official Day of Record (ODR), you will be dropped from your course and may lose financial eligibility for the semester. Any financial aid funds disbursed to you or your account must be returned to the U.S. Department of Education.

Mobile Device Policy

Please silence all mobile devices during class time. You may use them at any time during normal instruction to access course content and/or take notes (but not during tests and quizzes, for example). Please remember that your use should be limited to tasks directly related to class work (no texting, Facebooking, etc.).

Academically Related Activities (FSA HB Sept.2019)

Academically related activities include, but are not limited to, physically attending a class where there is an opportunity for direct interaction between the instructor and students; initiating contact with a faculty member to ask a question about the academic subject studied in the course; participating in an online discussion about academic matters; submitting an academic assignment; taking an exam, an interactive tutorial or computer-assisted instruction; or attending a study group that is assigned by the school.

Academically related activities do **NOT** include activities where a student may be present, but not academically engaged, such as logging into an online class without active participation, participating in academic counseling or advisement, living in institutional housing, or participating in the school's meal plan.

In a distance education context, logging into an online class is not sufficient by itself to demonstrate academic attendance by the student. A student must participate in class or otherwise be engaged in an academically related activity, such as but not limited to, contributing to an online discussion or contacting a faculty member to ask a course-related question via approved communication channels. Completion of an online orientation or syllabus quiz constitutes attendance.

Course Withdrawal & Six Course Drop Limit	Undergraduate students enrolling as first-time in college students at a public institution of higher education in Texas will be limited to a total of six dropped courses during their entire undergraduate career. Lone Star College uses the term "withdrawal" to refer to a dropped course. Withdrawals occur between the official day of record (ODR) and the posted withdrawal "W" day for the course. Withdrawing from a course will result in a grade of "W" on the official transcript. Drops/withdrawals prior to the official date are not considered "dropped" courses and are not posted on the transcript. No credit will be awarded for a course earning a "W." It is the student's responsibility to withdraw prior to the course's "W" date. Lack of attendance does not constitute as a withdrawal.

This exposes college computers, personal computers, and any other computers to potentially damaging viruses. The college has aggressive anti-virus procedures in place to protect its computers, but cannot guarantee that a virus might not temporarily infect one of its machines. It is your responsibility to protect all computers under your control and use and ensure that each flash drive you use, wherever you use it, has been scanned with anti-virus software.
