

Vocabulary Journal Instructions

- All entries must be handwritten (not typed). Writing with your hand improves your ability to remember the words (much more than typing!).
- Take photos of your journal pages and email or text them to your teacher (see contact details in the syllabus).
- There are 10 words each week. These words come from readings and exercises in the *Ten Steps* book chapters.

Format for each word:

1. Write each word 3 times.
2. Write the part of speech (noun, adjective, verb, etc.)
3. Write the definition from a dictionary. (This can be copied.)
4. Write the translation of the word into your native language.
5. Use the word in a meaningful way in a sentence. (Use your own words here.)
6. Expansion: Choose **one** of the following ways to expand your understanding of the word. (You can choose a different one for each word. It's up to you.):
 - a. Draw a picture or symbol that represents the word.
 - b. Write a synonym.
 - c. Write an antonym.
